*"For all your staircase and
stair part requirements"*

EST 1999

We are a family run business that manufacture the highest quality staircase components and bespoke designs. We are a leading online supplier of the most modern and traditional staircase parts in the UK and our experience is unrivalled. We use advanced techniques and a skilled team of joiners to enable us to design and create a stunning staircase for your home.

MODERN STAIR PARTS

If you would like to update your staircase balustrade to a state of the art design our modern stair parts are what you need. We have various ranges to choose from with a choice of timbers and finishes.

FUSION RANGE

This range is designed to make your staircase installation as easy as possible with its ingenious stair parts system that connects together with chrome or brushed nickel fittings. The Fusion Range is well known for its contemporary look and feel; it is an easy way to transform your staircase with the added bonus that you will not need to paint or varnish as the timber is supplied pre-finished.

AXXYS RANGE

This range blends the beauty of chrome or brushed nickel with the warmth of high quality timbers such as oak and pine. These stair parts incorporate modern materials to transform your hallway and landing spaces.

SOLUTION RANGE

This range is available in a number of timbers with chrome or brushed nickel spindles which have a two-tone effect for a unique, modern look with a simple chamfered design. Easy to install and the spindle brackets are also hidden to create a perfect finish.

PINE STAIR PARTS

**AFFORDABLE
QUALITY**

We have a wide range of quality pine staircase components including spindles, handrails, base rails, newel posts and caps; all available in a variety of styles to best suit you.

You can also mix and match your items for a unique look for your home and paint, stain or varnish as you see appropriate.

Add a new style of character to your stairs with the hemlock staircase parts, we have various styles ranging from traditional to modern stair parts. We also offer a selection of newel caps, handrails and spindles etc.

Hemlock is a softwood timber which tends to be knot free with a clear grain. This makes hemlock a beautiful wood for staining and varnishing and is also an ideal timber if you wish to paint.

Our white primed stair parts are made from tulip or birch wood as these are knot free timbers which makes them perfect for this range. These primed parts are time saving as they only require a final coat for a first class finish.

These stair parts can be painted in a colour of your choice to suit your preferences and can also be mix and matched with unfinished parts to create a stunning contrast so your balustrade is unique and personal to your taste.

Oak is a strong, heavy hardwood that is long lasting with a naturally beautiful grain. Our newel posts and handrails are laminated with careful attention being paid to colour matching.

Oak is suitable for lacquering, oiling and staining with each choice of finish bringing out the stunning qualities of the timber.

SOLUTION GLASS RANGE

Solution is one of our most popular glass ranges and is available in various timbers with glass panels with or without glass brackets. These glass brackets can be purchased in either a chrome or brushed nickel finish to suit your personal preference. This range can blend in easily with either modern or more traditional interiors whilst also enhancing the look of any staircase by adding light and depth to the space.

GLASS STAIR PARTS

If you're replacing your tired, old spindles with a glass balustrade we have several ranges for you to choose from. We have glass which is recessed into the rails or glass which sits into chrome or brushed nickel brackets; all to best suit your personal style and requirements.

IMMIX GLASS RANGE

Immix is a contemporary range that can create the centre piece in your home. This stunning design is available in white oak and is completed with gun metal finish connectors and fittings. The high quality materials not only look exquisite but can also last you a lifetime.

FUSION GLASS RANGE

This range has a selection of timbers to choose from, as well as chrome or brushed nickel fittings.; this allows you to make your staircase more distinctive to your style and taste. This range has a simple yet sophisticated feel and is even suitable for a competent DIY'er to install.

BESPOKE GLASS RANGE

We offer a bespoke glass service which allows you to have small and large panels fitted with or without glass brackets. These are made to the size and angle required to ensure that everyone can have a glass balustrade.

We have worked with our customer's and carpenters to introduce the grooved hand and 2-part base rail system which provides a quick and professional installation when using large glass panels with recessed rails.

WALL HANDRAIL KITS

We have a wide range of modern and traditional wall handrail kits, which can be a cheaper and more straight forward way to upgrade your existing stairs.

Our handrails come in a variety of profiles such as mopstick, traditional, and low profile to name a few!

With a range of fittings available in different designs and finishes, we're bound to have a solution that's right for you!

Some of our wall handrail kits are even supplied pre-finished with a clear lacquer! This means that once your handrail is delivered, it is all ready to be installed and no need add a finish.

Perhaps you already have a handrail and want to find some unique fittings - well we have a wide range of metal fixings and end caps available to suit a wide range of sizes and shapes.

HANDRAIL OPTIONS & PROFILES

Here at Shaw Stairs we have a wide range of handrail options available. Not only do we have over 1000 profiles already in our archives, but we can also match existing handrails. Each day our portfolio grows and so we are confident we will have something that suits your needs.

We have our standard range of rails which includes our traditional, low profile, mopstick rails and more. These are available in a range of timbers with usually a 5- 7 day lead time for delivery.

We also have a wide range of chrome, brushed nickel and brass handrail accessories designed to suit our standard profiles. These include brackets and end caps, providing a beautiful finish.
